TESTIMONIALS

Andrea, thank you so much for doing our makeup and my hair. You were amazing in the run up and on the big (little) day; calm, friendly and we were so happy with the results. Eloping (just the two of us) it was so important that we had people with us that were 'our people'; you knowing Sara Bareilles cemented that! Looking back on the photos and you really captured 'natural' so well. Considering we couldn't do a hair trial due to distance, you understood what I wanted straight away and I was so pleased with it. Thank you for going above and beyond with finding makeup suitable for my face (rosacea). Would highly recommend! Thank you again. x

Amie & Nat

Thank you so so much for the amazing job you kirsty did with hair and make up.
The girls looked absolutely gorgeous and all of them were really happy.

You made me feel like a true princess, I couldn't imagine looking the way I did. The hair, the makeup I loved everything about it. Everyone commented on how beautiful my hair was. It was the perfect style, even better than the original picture I showed you.

From beginning to end you have been amazing. You are a beautiful lady inside and out and you made my whole experience relaxed and fun. Thank you so much again

Angela

Andrea did such an incredible job of my wedding make-up. She did mine and 5 of my bridesmaids looks and everyone looked so beautiful. She's really dynamic and really listens to your individual needs to create a gorgeous, long lasting and look. A total pro -would definitely recommend her!

It's all in the little details...

Worried about the Scottish dark mornings, don't worry I got you! I bring my own lighting setup to ensure you're lit perfectly and your makeup is flawless. I also supply my brides with a little touchup kit: lip brush loaded with lip colour, powder, blotting papers and little bits and bobs for emergencies.
